

Study and Communication Skills in Science Grades 5-8

This workshop will assist teachers in grades 5-8 improve study and communication skills with their students in the area of science. Suggestions for working with parents will also be included.

Topics include:

- Study habits and student behaviors
- Suggestions for home cooperation
- How to use a science text book
- Time management
- Note taking and test taking strategies

This workshop has been designed to include activities for both the regular and special needs teachers.

Bob Plaia is a career educator who began his career as a science teacher in the junior high school and high school arenas. He has taught biology, chemistry, earth science, physics, and health. Having served as a science department chairperson, Assistant Principal, Principal and Assistant Superintendent of schools, he retired in 1995 and is currently serving Western Suffolk BOCES as its Science Consultant.
