

Algebra 2 & Trigonometry

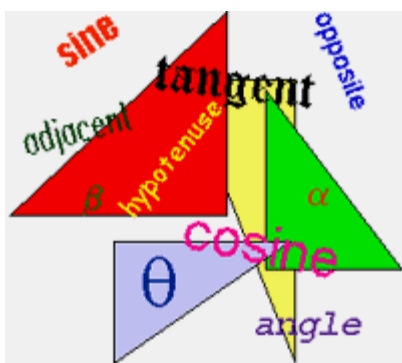

Now That We've Seen the Sampler

The Integrated Algebra 2 and Trigonometry "Sampler" is now available. New interest in many aspects of the course now arise. We are offering a chance to review some NYS changes, as compared to Math B to examine particular standards that may not be completely clear and to present some details on new topics. The session will also offer some SmartBoard usage with Algebra 2 and Trigonometry.

This session will focus on the following:

- Test Specs for Algebra 2 & Trigonometry
- Some NYS "Standards of Interest" with respect to the new curriculum
- Similarities and differences of Math B and Algebra 2 & Trigonometry including a Crosswalk comparison and a text book comparison
- Sample lessons on NYS Standards new to Algebra 2 & Trigonometry curriculum
- Preparing (reviewing) for an assessment we have not yet seen
- A discussion with various districts' curriculum concerns including topic order, depth, and time line.
