

We the People: Project Citizen

We the People: Project Citizen is a curricular program for middle, secondary, and post-secondary students, youth organizations, and adult groups that promote competent and responsible participation in local and state government. The program helps participants learn how to monitor and influence public policy. In the process, they develop support for democratic values and principles, tolerance, and feelings of political efficacy.

We the People is an NEH program designed to encourage and enhance the teaching, study, and understanding of American history, culture, and democratic principles.

NEH was founded on the belief that cultivating the best of the humanities has real and tangible benefits for civic life. Through *We the People*, NEH has rededicated itself to this mission, and is leading a renaissance in knowledge about American history and principles among all our citizens. Launched on Constitution Day, September 17, 2002, *We the People* celebrated its fifth anniversary in September 2007.
