

Wilson Level I Certification

This program is designed to prepare individuals to implement WRS with students in need of a multisensory structured language program at the beginning stages of decoding and encoding. The prerequisite for participation in this program is attendance at a WRS Overview or WRS Applied Methods Workshop. This program is generally completed over the course of one (1) school year and consists of:

- a) Start-Up Seminar
- b) Implementation Meetings
- c) Practicum with Observations
- d) Steps 1-6 Course online

START UP SEMINAR

A Wilson Trainer will provide the 5-hour Start-Up Seminar on September 15. Attendance at this seminar is **mandatory** for all participants in this program. Participants who do not attend this seminar may be asked, at the discretion of WLT, to withdraw from this program.

IMPLEMENTATION MEETINGS

A Wilson Trainer will schedule and provide five (5) 1-hour Implementation Meetings throughout the school year.

PRACTICUM WITH OBSERVATIONS

Participants must complete a minimum of 60 practicum lessons implementing the WRS with an individual student selected according to the Wilson Practicum Student Selection Criteria. Participants must complete a pre- and posttesting student report. A Wilson Trainer observes the participant working with their student during five (5) 45-60 minute lessons during the course of the school year and provides written and verbal feedback. Observation dates and times are arranged by the Wilson Trainer with each participant. If the practicum student will be unavailable for an observation date, the lesson can be videotaped ahead of time to be viewed with the Trainer during the scheduled observation. A maximum of two (2) videotaped observations of this type are allowed. Any missed observations must be rescheduled for a total of five (5).

Districts will be responsible for \$100 charge for missed observations, if necessary.

STEPS 1-6 COURSE ONLINE

Participants must actively participate in 90 hours of Steps 1-6 coursework. Participants will have access to this course for 15 months from the beginning of the Start-Up Seminar, although it is preferred that participants complete their coursework by the end of the school year. Participants must parallel their participation in the online course with their practicum work and complete all online assessments. Completion of this course is a requirement for Level I Certification.

UPON COMPLETION, participants who have demonstrated mastery of the WRS lesson plan, including multisensory techniques and effective strategies for working 1:1, receive a WRS Level I Certificate. Participants completing this program may represent themselves as Wilson Level I Certified teachers, but are not qualified as Wilson Trainers.

Jaynie Coleman completed her undergraduate work in English Education from Arcadia University in Pennsylvania. She received her Masters in Learning Disabilities from Hofstra University on Long Island, NY. She is also a Learning Disabilities Teacher Consultant, having graduated from Montclair State, NJ.

Jaynie spent 27 years as a public school teacher, in special education and English education. She most recently worked at a public high school in New Jersey, where she developed a learning strategies program, taught special education English, both in the resource center and mainstream, and worked as a learning consultant.

Since retirement from the public school system, Jaynie has been involved with Wilson Language System. She is a certified Wilson Trainer holding Level I and Level II and Advanced Methods Training certifications.
