

Study Skills in Science

This workshop will assist teachers in grades 5-8 in improving study skills with their students in the area of science.

Topics include:

- study habits and student behaviors
- suggestions for home cooperation
- how to use a science test book
- time management
- note taking
- test taking strategies

This workshop has been designed to include activities for both the regular and special needs teachers.

Bob Plaia is a career educator who began as a science teacher at the junior high and high school levels. He has taught biology, chemistry, earth science, physics, and health. Having served as a science department chairperson, assistant principal, principal and assistant superintendent of schools, Bob retired in 1995 and is currently serving as Western Suffolk BOCES' Science Consultant.
