

Using SMART Notebook Software to Improve Students' Literacy Skills in ELA Classrooms

A workshop for ELA teachers Grades 7-12

This workshop is for teachers who are new to the SMARTboard or have basic SMARTboard skills, and would like to use SMARTboard effectively in an ELA classroom. In the morning we will explore a variety of lessons and SMARTboard uses, and in the afternoon we will design lessons that can be used in the classroom.

In this workshop, teachers will be shown SMARTboard lessons that are creative, exciting, interactive, and will help our students to have 21st century literacy skills.

Please bring a cd or flashdrive to save your work because you will be given ample time to work on individual projects.
