TRANSPORTATION

Western Suffolk BOCES does not provide transportation to and from summer school. Please contact your home district for arrangements.

HEALTH and SAFETY IMMUNIZATION

In accordance with New York State Education Law and New York Public Health Law, every student-attending summer school is required to furnish the school with proof of immunization against polio, mumps, measles, diphtheria, and rubella (German Measles).

SCHOOL NURSE

A registered nurse will be on duty during school hours.

MINIMUM REGISTRATION REQUIREMENT

Any course listed will be offered only if there is sufficient enrollment.

LIBRARY

The Library will be open daily from 7:45 am to 11:34 am under the supervision of a librarian.

ATTENDANCE

Summer school students are expected to attend all classes in order to experience maximum instructional benefit. Attendance is taken each class period and recorded based on host district guidelines for excused and unexcused absences. Legal reasons for absence, according to New York State Law, include the following: illness of a student or family member, death in the family and/or required court appearances. Students who have excused absences may be provided the opportunity to make-up missed work.

An excused absence note should be submitted the day the student returns to class. All tests and missed work during the absence must be made up and submitted to the teacher as soon as possible. Class participation is factored into a student's summer school grade. Poor attendance coupled with the lack of class participation or completion of assigned work may result in a student not earning a passing grade for the class. More than three (3) unexcused absences will likely result in a student being unable to earn sufficient points to pass the class.

GRADING POLICY AND REPORT CARDS

The passing grade for examinations and courses is 65. Final examinations or Regents exams will be given in all subjects 6 - 12. Grades will be based upon an evaluation of the student's class work, special reports, class participation, homework and tests. The same standards of evaluation that normally apply during the regular school year are applied in summer school.

Students will receive a Mid-Summer Progress Report after three weeks and a Summer School Report Card at the conclusion of the program. These reports are sent to the student's home address and the home district. Reports include the final exam grade, Regents examination grade, final course grade,

days absent and days late. The Summer School Report Card is also used to report examination grades for students who register only for a Regents and examination.

Important:

- Neither the summer school office or the home school guidance department will give final grades or Regents grades out by phone.
- No grades will be released for any student who has not returned textbooks or has other outstanding obligations.

Grading

All students are encouraged to perform to the utmost of their capabilities. Grade reports are issued periodically to indicate to the student and parents how well he/she is performing. Grades will be based upon an evaluation of the student's class work, class participation, special reports, homework and tests. The same standards of evaluation that normally apply during the regular school year will also apply in the summer. Passing summer school work should not be based only on attendance.

Teachers will be responsible for keeping a well-organized grade book record. Grade books will be checked during the summer school for teacher's name, subject, year, daily register, test, and quiz records. Teachers should clearly label the nature of each grade as well as the date of the test or assignment. A key should be included so that the grade book can be interpreted when the teacher is gone. These records will be submitted at the end of the summer as the teacher's official record and retained for future reference.

Grading will consist of the following components

- 80% of the course grade will be based on participation, including attendance, completion of assignments, tests/quizzes, engagement in class activities and effort
- 20% of the course grade will be based on tests, specifically mid-term and final examinations

Participation Points

The summer program consists of 24 instructional days. Each day, students will have the potential of 5 participation points, based on 1 – 3 points for effort and 1 -2 points for attendance.

Rubric for Effort Points

3	2	1	0
Student is involved in class activities	Student needs reminders to stay involved in class activities	Student needs considerable assistance to stay involved in class activities	Student does not engage in class activities

Rubric for Attendance Points

2	1	0
Student is present in class within 15 minutes of start time	Student is present in class within 16 - 30 minutes of start time	Student is not present in class within 31 minutes of start time

Final Grade

The final grade is composed as follows:

- 80% based on the grade equivalence of the participation points
- 20% based on the average of the tests, specifically mid-term and final examinations

Participation Points	Grade Equivalent
120	100
119 - 115	95
114 - 106	85
105 - 100	65
99 - 95	50
94 - 90	45
89 - 85	40
84 - 80	35
79 - 75	30

Credit Awarded Final course credit will be determined by the home school district for the purpose of the student's permanent school record. Each school district gives the summer school final grade a percentage value to determine the student's final grade for the course. Each district may have a different policy. The passing grade for Western Suffolk BOCES Regional Summer School is 65.

I have been informed of the Regional Summer School grading policy and how my attendance and participation can affect my final grade.
