## Exploratory Enrichment Services

[Susan Kessler](#), 631/595-6814

[Peggy Unger](#), 631/360-3652

## Math, Science and Technology

Grade Level	Description	Program	Where
<b>Math</b>			
K-6, 7,8	Fast paced math games and skits	<a href="#">Arithmetickles</a>	In-School
<b>Science</b>			
K-6,7-12	Up and Away with Hot Air Balloons	<a href="#">School Assembly Programs &amp; Camp Shows   Academic Entertainment</a>	In-School
K-6, 7-12	Marine World offers self-guided tours, behind the scenes and boat cruise. Various marine in school programs	<a href="#">Atlantis Marine World</a>	Field Trip and In-School
K-6	Gardening and live animal programs	<a href="#">Benners Farm</a>	Field Trip
1-6	Science programs with magnets, minerals, simple machines	<a href="#">Brian Wallrapp Science Man</a>	In-School
K-12	Science Education Programs Discovery Lab and Middle and High School Programs	<a href="#">Brookhaven National Lab</a>	Field Trip
K-6, 9-12	Bureau of Lectures	<a href="http://www.assemblyline.com/school-shows/">http://www.assemblyline.com/school-shows/</a>	In-School
K-5	An interactive and audience participatory performance using drama, puppetry, games, and songs	<a href="#">Central Park Zoo</a>	In-School
5,6,7,8, 9-12	Genetics laboratory experiences and hands-on experiments	<a href="#">Cold Spring Harbor DNA/Dolan Learning Center</a>	Field Trip and In-School
K-6	Hands on programs using past and present marine history on Long Island	<a href="#">Cold Spring Harbor Whaling Museum</a>	Field Trip and In-School
K-6, 7-12	Multiple program offering in science, math, marine biology and life sciences	<a href="#">Cornell Cooperative Extension</a>	Field Trip and In-School

1-6, 7-12	Long Island's history in the field of aviation taught through classes, tours and IMAX Theater	<a href="#">Cradle of Aviation Museum</a>	Field Trip and In-School
K-6	Dinosaurs, biology, space and bugs taught with large blown up figures	<a href="#">Dinoman</a>	In-School
K-6	Fossil and mineral school assemblies	<a href="#">Dinosaur and Mineral School Assemblies, Dinosaur Parties,</a>	In-School
K-6	Students to learn about metamorphosis and butterflies, explore the treasures of the tropical rain forest and more	<a href="#">ECSS Sweetbriar Farm</a>	Field Trip and In-School
K-12	Variety of science based assemblies	Encore Performing <a href="http://www.encoreperforming.com/">http://www.encoreperforming.com/</a>	In-School
K-6	Interactive presentations allow children the opportunity to see touch and learn about the lives of animals from North and South America, Africa, Asia, Australia and Madagascar	<a href="#">Erik's Edventures</a>	In-School
K-6	Fall Pumpkin Programs	<a href="#">Fink Farm</a>	Field Trip
K-6, 7,8	Various interactive shows on physical science, chemistry and biology	<a href="#">Franklin Museum Traveling Show</a>	In-School
1-5	Workshops in Lego, Robotics and Simple Machines	<a href="mailto:kidzunderconstruction@yahoo.com">kidzunderconstruction@yahoo.com</a>	In-School
K-6	Gallery activities to allow children to explore the museum. Choose from 10 in programs that make learning come alive.	<a href="#">Long Island Children's Museum</a>	In-School
K-6,7-12	Hands-on educational center with an emphasis on (STEM) Science, technology, Engineering and Math	<a href="#">Long Island Science Center</a>	Field Trip and In-School
K-5	Programs in biology, geology, physical sciences, and the solar system	<a href="#">Long Island Center for Arts and Science</a> contact email address for information	In-School
K-6	Structured as an in-class field trip, a Mad Science workshop is a convenient way to offer students a hands-on science	<a href="#">Mad Science of Long Island</a>	In-School Assemblies

	experience without leaving the school. High energy assemblies and workshops available.		
k-6	45-50 minute animal shows with Nick Jacinto/Animal Adventures	<a href="http://www.NatureNick.com">www.NatureNick.com</a>	In-School Assemblies
K-6, 7-12	Portable planetarium with the power of revealing the wonders of the Universe 14 different topics that are grade appropriate	<a href="#">Night Skylab</a>	In- School
K-6	Learn “hands-on” about the world of the animal kingdom.	<a href="#">Pet Den Program</a>	In-School
K-6	Traveling Pets Program. Learn about the history of many diverse species and the proper care of pets.	<a href="http://www.petlandparties.com">www.petlandparties.com</a>	In-School
K-12	Hands-on environmental education in a NY State Park	<a href="http://www.plantingfields.org/index.php/school-programs">http://www.plantingfields.org/index.php/school-programs</a>	Field Trip
K- 6,7-8	Observe spectacular displays of rainforest butterflies and learn about the tropical rainforests.	<a href="#">Rainforest Exploration Program/Steve Fratello</a> contact email address for information	In-School
K-6, 7-12	The Science Museum of Long Island offers more than 50 hands-on science workshops for schools.	<a href="#">Science Museum of Long Island</a>	Field Trip and In-School
K-6, 7-12	Programs offer students deeper understanding for our natural world, gain a sense of stewardship for their local environment	<a href="#">TR Sanctuary</a>	Field Trip and In-School
K-6,7-8	Museum program based on the Vanderbilt collection and planetarium programs that teach astronomy, meteorology and geology	<a href="#">Vanderbilt Museum</a>	Field Trip
K-6	Large portable earth-Earth Balloon helps students develop a strong understanding of geography, scale, geology, and biomes.	<a href="#">Western Suffolk BOCES Outdoor Education Program/Earth Balloon</a>	In-School
K-6	Fall and Spring Planting Programs	<a href="#">White Post Farm</a>	Field Trip
K-6,7-8	Unique wildlife program about wolves and addresses misconceptions about wolves. Teaches conservation. Live wolf ambassador visits school	<a href="#">Wolf Conservation Center</a>	In-School

K-6, 7-12	Offer a variety of classroom based outreach programs designed to introduce students to NATURE through hands-on, inquiry-based science	<a href="#">Leaders In Environmental Education</a> Your Connection to Nature	In-School
6,7,8,9-12	Marine Science Programs on the Yankee III Vessel	<a href="#">Yankee 3 - Captrees Best Fishing Boat!</a>	Field Trip
6,7,8,9-12	ZSW Charters Marine Science Programs from Captree	<a href="mailto:Capteb3@gmail.com">Capteb3@gmail.com</a>	Field Trip
