Welcome Students!

We are excited to offer interesting and engaging adult education courses to our community this Fall. We have worked hard to give students the opportunity to learn something new and improve their personal and professional lives. Our full-time programs are among the best in the region and our part-time offerings are as much fun as they are informative. Take your time to peruse our brochure and sign up today for a course or two.

We look forward to seeing you in September!

Michael Flynn
Chief Operating Officer

MOST CLASSES BEGIN THE WEEK OF SEPT. 9
CHECK YOUR SPECIFIC PROGRAM FOR START DATES

★ Most schools start week of Sept. 9 ■ All schools Closed No Classes ● Dix Hills Campus ONLY Closed

Accreditation: Western Suffolk BOCES is accredited by the Council on Occupational Education for Aviation Maintenance Technology, Automotive Technical Training, Esthetics, Cosmetology, Diagnostic Medical Sonography, Practical Nursing, Surgical Technology. Contact COE at: 7840 Roswell Rd. Suite 325, Atlanta, GA 30350; phone (770) 396-3898; fax (770) 396-3790; www.council.org

Appearance ENHANCEMENT

EYELASH EXTENSION CERTIFICATION TRAINING

Learn about use of proper materials for eyelash extension application, maintaining health and safety, extension and shaping techniques, fill-ins and lash removal. Theory and hands-on practice lead to certification. Licensed cosmetologists, estheticians, nail technicians, medical professionals and beauty school students are welcome. Kits and mannequin heads must be purchased prior to first class (wilsontech.org/bookstore).

20FAPP100A \$599 M/W 11/4/2019-11/18/2019
NPT/101 6-10PM 16hrs 4 sessions

LASER HAIR REMOVAL TRAINING

Course offers comprehensive curriculum of laser physics theory and hands-on laser hair removal training. Includes clinical application and practice methods using laser machines for skin rejuvenation, skin tightening and treatment of pigmented skin lesions. Instruction by a Registered Nurse at Wilson Tech Northport and L'Elite Medispa in Huntington Station. Designed for esthetician or health care professional.

20FAPP110A \$1500 M-F 9/23/2019-9/27/2019
NPT/Esth 9AM-3PM 30hrs 5 sessions

MICRONEEDLING CERTIFICATION FOR LICENSED ESTHETICIANS, RN, LPN, PA, MD

Licensed professionals will learn how to safely perform microneedling, how microneedling affects the skin physiology, safety and infection control

practices, contraindications, benefits and cautions, protocols for the face, body and home care regimens, and marketing microneedling services in your professional practices.

20FEST101A \$500 TU/TH 10/15/2019-10/17/2019
NPT/Esth 5:30-9:30PM 8hrs 2 sessions

MICRODERMABRASION CERTIFICATION

In this course, licensed estheticians, cosmetologists and spa professionals will learn how to safely perform microdermabrasion using both the crystal and diamond tip methods, histology of the skin, bacteriology, consultation, pre and post care, sanitation and safety, disposal of waste products, contraindications, benefits and cautions, practical application and observation, and how to market microdermabrasion in your professional practice.

20FEST102A \$350 TU 10/22/2019-TH10/24/2019
NPT/Esth 5:30-9:30PM 8hrs 2 sessions

INTRODUCTION TO WAXING

In this 75-hour, NYS-approved waxing program, you will learn the techniques of safe and professional hair removal and prepare for licensing by the NYS Department of State. Curriculum includes professional requirements, health and safety and removal of superfluous hair. Students must pass a NYS exam to receive a license. Applicants must have a US high school diploma or equivalent.

20FAPP112A \$899 TU/TH 10/15/2019-12/19/2019
NPT/Esth 5:30-9:30PM 75hrs 19 sessions

4 EASY WAYS TO REGISTER!

Registration ends one week before your class begins. Register early, classes fill quickly! Classes are filled on a "first come, first served basis." As classes fill, every effort is made to schedule additional classes to serve your needs. Full tuition must be received before you can enroll in a class. BOCES reserves the right to change locations, times or dates where necessary, or to cancel classes. Make your check or money order payable to: Western Suffolk BOCES. Unless notified otherwise, you can safely assume your registration is confirmed.

ONLINE – EASIEST!

Follow the instructions at
www.wilsontech.org/express
Registration accepted via a secure server.

BY PURCHASE ORDER

Organizations enrolling staff for training can be invoiced if a PO number is provided.

BY PHONE: 631-667-6000 X320

With Visa, MasterCard or Discover Card.
Have all of your information before calling.

IN-PERSON REGISTRATION

At Dix Hills campus only.
Check, money order or credit card.

MAKE-UP ARTISTRY

Get exposed to the most current and trending makeup techniques and learn about future career opportunities. In this course you will learn: Introduction to cosmetics, how to analyze skin types and concerns, product recommendations, color theory, face shapes. Learn how to properly address your client's skin concerns and needs, with a prep and prime workshop, complexion correction and concealing, match foundation, introduction to contour, eyebrow workshop, bridal makeup application, false lash application, bridal trends and styles, taking makeup from day to night, trending eyeshadow techniques, winged eyeliner workshop, double stacking lashes, contouring / highlighting / strobing and perfecting the pout.

20FAPP113A \$499 M/W 9/16/2019-10/23/2019
NPT/ 5:30-9:30PM 32hrs 8 sessions

POST-MORTEM COSMETOLOGY

Making the deceased look like they did before they passed away will help family and friends with their final good-byes and ease their loss. If you are interested in this profession, or would like advanced training in the art of make-up as a Mortuary Science student, this is the class for you. Trips to local funeral homes may be scheduled. Cosmetology license preferred.

20FAPP104A \$179 W 9/11/19-10/23/19
DH-C/Cos 6:30-9:30PM 18hrs 6 sessions

ONCOLOGY SKIN CARE AND SPA TRAINING CERTIFICATION COURSE FOR THE LICENSED ESTHETICIAN

Licensed estheticians, spa owners and spa professionals will learn safe and restorative skin care services for oncology clients; make recommendations for cosmetic products for oncology clients; and address skin conditions and reactions associated with medications and therapies such as mild epidermal dehydration, dryness, mild inflammation, compromised acid mantle and other conditions.

20FEST103A \$1499 M/W 10/21/2019-3/2/2020
NPT/102 5:30-9:30PM 120hrs 30 sessions

ON THE ROAD

AUTO BODY REFINISHING

Learn techniques of spraying, use of various solvents, surface preparation, and masking procedure. Hands-on applications will help you to develop skills you'll need to excel. Pinstriping and basic painting techniques will be covered. Students are responsible for own paint.

20FAUT101A \$380 TU 9/10/2019-1/14/2020
DH-C/AuBodyI 6:30-10PM 42hrs 12 sessions

AUTO BODY REPAIR

Learn the fundamentals of metal and damage stress repair. Practice using auto body tools and plastic filling.

20FAUT102A \$380 M 9/9/2019-12/16/2019
DH-C/AuBodyI 6:30-10PM 42hrs 12 sessions

AUTO MECHANICS I

A general introduction to automotive cooling; fuel, electrical and ignition systems; tune-ups; drive lines and components; and suspension, steering and brake systems.

20FAUT103A \$399 M 9/9/2019-12/16/2019

DH-C/AuMechI 6:30-10PM 42hrs 12 sessions

AUTO MECHANICS II

This course prepares mechanics for advanced levels of troubleshooting, vehicle servicing, diagnostics, engine mechanical, engine performance, electrical systems, fuel systems, brakes, suspension, steering and alignment. Prerequisite: Auto Mechanics I or prior experience.

20FAUT104A \$449 W 9/11/2019-12/11/2019
DH-C/AuMechI 6:30-10PM 42hrs 12 sessions

AUTO RESTORATION

Restore autos to a state of beauty! Learn all the different aspects of automotive restoration such as rust repair, panel fabrication and replacement (1972 and prior), and body finishes including paint and repairs.

20FAUT106A \$380 TH 9/12/2019-12/12/2019
DH-C/AuBodyI 6:30-10PM 42hrs 12 sessions

AUTOMOBILE SERVICE CONSULTANT / SERVICE WRITER

Gain the knowledge needed for a career as an Automotive Service Consultant/Service Writer. This course will help develop skills in communication, customer relations, sales, shop operations and repair order writing (RO's).

20FAUT110A \$215 M/W 9/9/2019-10/7/2019
DH-C/AuMechII 6-9PM 24hrs 8 sessions

Bicycle / Motorcycle REPAIR

If you're interested in learning how to make basic repairs to your motorcycle or looking to enter the workforce as an entry-level motorcycle technician, Wilson Tech's Motorcycle Technician Program, in conjunction with Twisted Cycles, Patchogue, offers the classroom and hands-on experience that can give you the basic skills and knowledge you need. All sessions meet at Twisted Cycles, Patchogue.

BICYCLE MAINTENANCE - INTRO

Cycling enthusiasts won't worry about being stranded by the roadside after taking this course. Learn the basics of maintaining your bicycle, from bearing replacements system overhauls to basic tune-ups. Learn to make common repairs that bike shop mechanics make. This course is also excellent for law enforcement officers who would like to maintain their own bikes or for those interested in becoming bicycle mechanics. Applicable to all types of bicycles. Bring your bikes!

20FSP1102A \$99 TH 9/12/2019-10/10/2019 DH-C/AuMechII 6-9PM 15hrs 5 sessions

MOTORCYCLE MAINTENANCE

Gain the skills and confidence to properly maintain your bike. Learn electrical and fuel systems, basic tune-ups, brakes, tires and suspension, sprockets and drive chain, shaft drive, oil and fluids, radiators, steering, throttles and clutch safety equipment and winterizing. This is a hands-on course so bring your motorcycle! Get a tool list at the first class with recommendations for each student's bike. Bring the service manual for your motorcycle.

20FMOT101A \$375 M 9/9/2019-12/2/2019 Twisted Cycles 6:30-9:30PM 30hrs 10 sessions

Business & OFFICE SKILLS

ACCOUNTING PRINCIPLES

Prepare yourself for part-time and full-time work by learning basic accounting principles and the accounting cycle of sole proprietorships, corporations and partnerships using hands-on problems and real life experiences. Learn basic Income Tax Preparation. Look at everything from reconciling a checkbook to general ledger and basic financial statement preparation. Textbooks additional (wilsontech.org/bookstore). STUDENTS MUST CALL CENGAGE CUSTOMER SERVICE AT (800) 354-9706 TO ORDER THE REQUIRED BOOKS

20FBUS105A \$375 TH 9/12/2019-12/5/2019 HN/109 6:30-10PM 42hrs 12 sessions

AUTOCAD

AUTOCAD - BEGINNER

Hands-on introduction to 2D AutoCAD drawing as well as the 3D capabilities of the architectural desktop add-on. Learn the beginning skills and commands to use AutoCAD, the most popular desktop computer-aided drawing software. AutoCAD may be used in both manufacturing and architectural environments on a professional level. One student to a computer. **Optional lab time will be available one hour before each class so students can complete 3D drawings for their class projects.**

20FCAD101A \$769 TH 9/12/2019-12/12/2019 DH-C/18 6:30-10PM 42hrs 12 sessions

AUTOCAD AND 3D MODELING - INTERMEDIATE

A continuation of AutoCAD 1 with the addition of 3D modeling. You will learn to create and use a template with customized settings and title blocks to produce complete drawings. You will also learn to create 3D models of your drawings. The ability to use the AutoCAD commands introduced in AutoCAD 1 is required to succeed in this class. **Optional lab time will be available one hour before class.**

20FCAD103A TU \$385 9/10/2019-11/19/2019 DH-C/18 6:30-10PM 21hrs 6 sessions

Cisco COURSES

Develop workforce readiness skills and build a foundation for success in networking-related careers and degree programs. Learn skills to use immediately in your job and

accelerate your ability to pursue advanced technology certifications.

Learn practical CCNA Routing and Switching networking concepts from network applications to protocols and services. The new CCNA Routing

and Switching (CCNA R&S) curriculum is fully aligned with the new CCENT and CCNA R&S certification exams. Students will progress from basic networking to more complex enterprise and theoretical networking models.

CISCO NETWORKING FUNDAMENTALS

For those with no computer or network knowledge, this course will help you gain the necessary understanding of networking technology for entering the Networking Academy. Students will learn such topics as: binary and hexadecimal number systems, number conversion, logic gates, Windows operating system, MS-DOS, computer hardware, networking concepts, networking architecture and topology, cabling, and circuit testing.

20FCIS108A M/W \$409 9/9/2019-10/28/2019
DH-C/227 6-9:30PM 42hrs 12 sessions

CISCO INTRODUCTION TO NETWORKS - MODULE I

The CCNA Routing and Switching introductory courses introduces the architecture, structure, functions, components, and models of the internet and other computer networks. Build a solid foundation for additional training as you learn the principles and structure of IP addressing and the fundamentals of ethernet concepts, media and operations. By the end of this course, students will be able to build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Prerequisite: Basic understanding of computers.

48 hours in-house/ 22 hours online.

20FCIS109A M/W \$815 10/30/2019-1/15/2020
DH-C/227 6-10PM 70hrs 17 sessions

CISCO SCALING NETWORKS - MODULE III

This course describes the architecture, components, and operations of routers and switches in a larger and more complex network. Learn how to configure routers and switches for advanced functionality. By the end of this course, students will be able to configure and troubleshoot routers and switches and resolve common issues with OSPF, EIGRP, STP, and VTP in both IPv4 and IPv6 networks. Develop the knowledge and skills needed to implement DHCP and DNS operations in a network. Prerequisite: Routing and Switching Essentials.

20FCIS111A TU/TH \$815 9/10/2019-11/21/2019
DH-C/227 6-10PM 70hrs 17 sessions

CISCO CONNECTING NETWORKS- MODULE IV

This course discusses the WAN technologies and network services required by converged applications in a complex network. Gain an understanding of the selection criteria for network devices and WAN technologies to meet network requirements. Learn to configure and troubleshoot network devices and resolve common issues with data link protocols. Develop the knowledge and skills needed to implement IPsec and virtual private network (VPN) operations.

20FCIS112A TU/TH \$815 12/3/2019-2/11/2020
DH-C/227 6-10PM 70hrs 17 sessions

**FIND ONLINE INSTRUCTION IN A SPECIFIC VERSION
OF SOFTWARE AT WILSONTECH.ORG/SEARCH**

Attention TECHIES!

COMPUTER ELECTRONICS/ CONSTRUCTION

Learn to build, install, upgrade and repair personal computer hardware and operating systems. Topics discussed: personal computer hardware; Windows XP, Windows Vista, Windows 7, Windows 8, and Linux operating systems installation; maintenance and file sharing; removal of malicious software; basic networking; remote desktop access; and computer security. Other topics may be added based on current trends. Textbook additional (www.wilsontech.org/bookstore).

20FCOM120A \$599 M 9/9/2019-12/16/2019

DH-C/223 6:30-10PM 42hrs 12 sessions

A+ CERTIFICATION PREP PART 1: HARDWARE

This prep course helps prepare you for the hardware aspects of CompTia's A+ exams. Prerequisites - Computer Electronics/Construction or equivalent knowledge and experience. Textbook additional www.wilsontech.org/bookstore).

20FCOM121 \$599 TU 10/29/2019-2/4/2020

#SOCIAL #PERSONAL #BUSINESS

Get practical, real-world insights into the power of social media. Come familiarize yourself with proven techniques and strategies.

SOCIAL MEDIA FOR BUSINESS

Learn how you can use Facebook, LinkedIn, and Instagram to grow your business by understanding how to optimize these social media platforms. Find out how social media tools can help you analyze the effectiveness of your strategies and bring you greater business success. We will help you get up-to-date on social media best practices and teach you how to evaluate the tools that social platforms offer so you can select the best fit for you or your business/organization. Classes are 3 hours, 1 session. **Business accounts must be created prior to attending all Social Media for Business classes below.**

Introductory Courses: Gain an overview of the specific platform and how to tailor that social media tool to your existing business strategies and how to use tools for monitoring trends. Learn from real case studies as you gain hands-on experience.

Intermediate Courses: Develop your social media presence into a powerful brand building tool and gain a more in-depth understanding of the fundamentals of social media analytics. Classes are 3 hours, 1 session.

SOCIAL MEDIA FOR PERSONAL USE

Create a profile on social media and learn how to connect with people you know as well as people you would like to know. We will help you get up-to-date on social media, settings, privacy, and how to set up your personal page.

Introductory Courses: Gain an overview of the specific site and how to set it up for your personal use. Class is hands-on so come ready to set-up your account or work on your existing page. Classes are 3 hours, 1 session.

Intermediate Courses: Once you have created your personal page, expand your knowledge of the account settings, how to upload photos, videos and links. Classes are 3 hours, 1 session.

PREPARE FOR FAA AIRFRAME & POWERPLANT AIRMEN CERTIFICATION

- Located at Republic Airport in Farmingdale
- Approved for ACCES-VR, VA
- FAA-certified instructors
- Financial aid/payment plans available to those who qualify
- DD214 Waivers are evaluated onsite for approved military training

AVIATION MAINTENANCE TECHNOLOGY

This FAA-approved program provides the hands-on experience to service, repair and overhaul reciprocating engines, turbine engines, aircraft components, powerplant control systems, instrumentation, and aircraft structure.

To prepare for both the Airframe and Powerplant certification, students must complete five semesters (total of 1,910 hours). Call 631-752-1957 for more information and to tour the facility.

Semesters begin late August, January and May. The program is offered at our Aviation Facility at Republic Airport in Farmingdale.

Tuition includes tool bag/tools, oral and practical testing for the Designated Mechanic's Exam (DME). Students must supply standard work shirt or dark tee shirt, work pants and standard work boots to be worn in the hangar and labs. FAA exams (3) extra: \$150 each. Before being admitted into the AMT program, prospective students must take the TABE Survey (Test of Adult Basic Education), receive a successful score and meet with administration to determine eligibility into the program. Financial aid is available to those who qualify.

Attention Veterans

Some classes and programs at Western Suffolk BOCES may qualify for funding through the GI Bill. Call our veterans' advisor at 631-261-3600, ext. 275 for the list of approved classes.

Western Suffolk BOCES provides full-time education and training to help adults prepare for meaningful careers or advance in their chosen fields. Our programs are led by educators with practical experience and expertise, who work with our students and provide guidance and support. Our classrooms feature the technology and equipment that is currently being used in the respective industries.

Find out more about our full-time programs by calling 631-261-3600.

PREPARE FOR ASE CERTIFICATION

AUTOMOTIVE TECHNICAL TRAINING

Vehicles are far more sophisticated today than in previous decades and require technicians with more advanced technical training. Western Suffolk BOCES, accredited by the ASE Education Foundation, is equipped to teach you the skills that will help you advance in this field. Upon successful completion you will be prepared to sit for the corresponding certification

exams which stress knowledge of job-related skills and lead to Automotive Service Excellence (ASE) certification.

CERTIFICATE

Learn the theory and skills to diagnose, service and repair cars, SUV's and light duty trucks. You will use up-to-date electronic and hydraulic equipment to precisely diagnose today's sophisticated vehicle. Prerequisite: High School diploma or equivalent and satisfactory score on a TABE exam and interview. Students must also attend a 4-hour safety orientation workshop. New students may begin on the first day of most modules.

HEALTH CARE / HEALTH RELATED COURSES

CENTRAL SERVICE TECHNICIAN

Looking for a skilled, entry-level position in health care where you will be responsible for a variety of vital services in health facilities? Apply now to become a certified Central Service Processing Technician who processes and sterilizes surgical instruments in hospitals, surgical centers and other health facilities. The course will help prepare entry-level technicians and refresh current technicians who want to earn certification from the International Association of Healthcare Central Service Material Management (IAHCSMM). Scientific principles of processing, sterilization, storage, distribution and inventory control of medical and surgical instruments and equipment for the Operating Room, Emergency Room and other areas of the hospital or healthcare facility will be stressed. This program will cover the primary responsibilities of the technicians and provide the knowledge necessary to be successful in this important field. Study anatomy and physiology, microbiology, infection control, disinfection and sterilization procedures, surgical instrumentation, and packaging and management of patient care supplies and equipment.

The coursework incorporates classroom and laboratory learning activities and resources and will include a 400-hour Clinical Internship to be scheduled upon completion of 160 classroom hours. Upon successful completion of the course, students will be eligible to take the IAHCSMM certification examination for Certified Central Service Technician. Prerequisites: High School diploma or equivalent, completed physical examination and successful score on TABE Survey test. Additional costs: uniform approximately \$100, certification exam \$105. Textbook additional.

20FMED112A \$4999 T/TH 9/10/2019-2/13/2020 NPT/202 6-9PM 575hrs

DIAGNOSTIC MEDICAL SONOGRAPHY

Learn the fascinating field of sonography including OB/GYN, abdomen, vascular, echocardiography, and breast ultrasound. This 24-month program integrates basic sciences, medical sciences and instruction in Diagnostic Sonography with supervised clinical experience in hospitals and doctors' offices. Students gain valuable hands-on experience during clinical rotations. Successful completion of the program leads to a certificate that qualifies you to sit for the five registry examinations in Diagnostic Medical Sonography 60 days prior to graduation. Accredited by the Commission of Accreditation of Allied Health

Education Programs (www.caahep.org; 25400 US Highway 19 North, Suite 158, Clearwater, FL 33756; 727/210-2350) upon the recommendation of the Joint Review Committee on Education in Diagnostic Medical Sonography. Prerequisites: High School diploma or equivalent; a minimum grade of C in college-level, credit-bearing courses in General Physics, Anatomy & Physiology I & II, Algebra, and English; and a satisfactory score on Pre-Entrance Exam. Courses begin in July.

Additional costs of approximately \$4,000 for textbooks, uniforms, conference, liability insurance, CPR, physical exam and registry exam. Financial aid is available to those who qualify.

21ASON500A \$43050 M-F 7/13/2020-6/30/2022 NPT/202A 8AM-6PM 2800hrs

PRACTICAL NURSING

Learn the skills and knowledge necessary to be a valuable member of today's health care team. The School of Practical Nursing helps prepare you for licensing as a practical nurse. In addition, for those planning to pursue further nursing education, Tech is affiliated with RN programs at SUNY Farmingdale, Adelphi, Molloy, NYIT and Helene Fuld College. The program is approved by the NYS Education Department. The low ratio of students to faculty allows many opportunities for individualized classroom instruction, as well as excellent clinical experience at hospitals and health care facilities.

Tuition includes stethoscope and surgical scissors. Additional costs for textbooks, uniforms, licensing fee, physical exam, liability insurance and CPR certification are required for entering program. Financial aid available to those who qualify. Prerequisites: High School diploma or equivalent plus satisfactory score on Pre-Entrance Exam. HEGIS code 5209.209

RADIOLOGIC TECHNOLOGY

Western Suffolk BOCES is in the process of seeking accreditation for its program in Radiologic Technology. This program will be approved by the Joint Committee on Education in Radiologic Technology (JRCERT) and the New York State Department of Health. The educational program

is 24 months in duration, and requires full time attendance between the hours of 8a- 4p, Monday through Friday. The program may require occasional weekend assignments and operates throughout the summer months.

The program of study consists of two components: a formal didactic classroom component and a clinical practicum in hospitals and imaging centers. Clinical rotations will take place at Northwell's facilities, Brookhaven Memorial Hospital, the Northport VA Medical Center and imaging centers in Nassau and Suffolk counties - including Zwanger-Pesiri Radiology. All clinical sites will be fully approved

by the JRCERT.

The following are the minimum program entrance requirements:

- * Graduation from an accredited high school or equivalent (GED/TASC).
- * Minimum of an Associate Degree conferred within 5 years of admission to Radiologic Technology Program. Completion of college prerequisite courses must be documented with a grade of C or better in College Algebra, Anatomy & Physiology I & II, English Composition, Psychology, and Basic Physics.
- * Satisfactory score on pre-entrance exam (50% or higher).

Please note that meeting the above minimum requirements does not guarantee acceptance into the program, as there are limited seats (24) per year.

Contact the School of Radiologic Technology's Program Director at (631) 261-3600 ext. 254 or email at lanetrel@wsboces.org for further information.

Tuition: \$14,999

Additional costs: books, supplies, uniform, physical exam, CPR, liability insurance, travel conference, licensing and registration fees, application fee and pre-entrance test fee. Minimum age for admission is 18 years old.

Those successfully completing this certificate program will be eligible to take the ARRT national certification examination and when passing that examination will be eligible to apply for New York State licensing as a licensed Radiologic Technologist.

Applications are accepted beginning Fall 2019 for the class beginning July, 2020

21ARAD500A \$18,999 M-F 7/6/2020-6/30/2022 NPT 8AM-4PM 3060hrs

SURGICAL TECHNOLOGY

Learn to work closely with surgeons, anesthesiologists and registered nurses to provide patient care throughout surgery.

Study disease process, instrumentation, setting up an operating room and patient preparation. You will be assigned to a local health care facility to work under an experienced health care professional. This program helps prepare you for employment in operating rooms, surgical offices, delivery rooms, emergency departments, physician and dentist offices, central supply services, cardiac catheterization clinics, tissue banks and ambulatory surgical care sites. Advanced

placement is available in the Practical Nursing program within one year of graduation. Accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org; 25400 US Highway 19 North, Clearwater, FL 33756; 727-210-2350) upon the recommendation of the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting. Additional costs for textbooks, malpractice insurance, uniform, physical exam, and CPR certification are required for entering program. Financial aid available to those who qualify. Prerequisites: High School diploma or equivalent plus satisfactory score on Pre-Entrance Exam.

Prepare Now for the Pre-Entrance Exam!

All applicants to the Diagnostic Medical Sonography, Practical Nursing, Radiologic Technology, and Surgical Technology programs must achieve a satisfactory score on the Pre-Entrance Exam (also known as Test for Essential Academic Skills) and have a high school diploma or equivalent. These four programs have substantial class work and homework that require students to be proficient readers with a wide vocabulary and to be competent math problem solvers. BOCES highly recommends that students take the Prep Class for Pre-Entrance Exams; however, those who have completed a recent academic program with strong grades may consider proceeding directly to the Pre-Entrance Exam. Most students find that the Prep Class for the Pre-Entrance Exam helps them prepare for the rigorous Pre-Entrance Exam, gain self-confidence, and solidify their interest in pursuing the academic work necessary to succeed in these programs.

Note: A successful score on the Pre-Entrance Exam is the first step in applying to these four programs but does not guarantee admission.

Prep Class for Pre-Entrance Exams:

Practical Nursing, Surgical Technology; Radiologic Technology & Diagnostic Medical Sonography

BOCES statistics indicate that the passing rate on the Pre-Entrance Exam is higher for those who complete this Prep Class. To enter these four programs, you must satisfactorily pass the Pre-Entrance Exam. Take this Prep Course to help you prepare for your Pre-Entrance Exam. Work on reading comprehension, basic math skills, English grammar and usage and critical thinking. The pre-entrance exam has a science section, which is required for Sonography and Radiologic Technology applicants. This course incorporates critical thinking skills needed to successfully answer science questions. Science curriculum will not be covered. Textbook additional (www.wilsontech.org/bookstore).

20FPRE101A 6:30-9:30PM \$250 TU/TH 10/15/2019-11/21/2019 NPT/209

Pre-Entrance Exams (TEAS) may be taken once a semester. Exam fee is \$125.

The TEAS Pre-Entrance Exam is composed of the following areas: general math, science, reading comprehension, and English and language usage. If you have any questions about the Pre-Entrance Exam or you have a current IEP and are requesting testing modifications, call 631-261-3600, ext. 245.

While all prospective students take the same Pre-Entrance Exam, register with the course number of the program you hope to enter.

Become a PERSONAL TRAINER

CERTIFICATION PROGRAM

PERSONAL TRAINER

This course will help prepare you to take the Personal Trainer Certification exam from the International Sports Sciences Association (ISSA). Learn basic exercise science, nutrition, fitness assessment, exercise programming, instructional and spotting techniques. Study anatomy, kinesiology, injury prevention, supplementation and nutrition and all aspects of weight and strength training as you prepare for employment as a personal trainer in a gym or fitness center or as a consultant for your own business. You'll gain firsthand experience in Tech's new fitness center where you'll learn to apply your coursework to sound health and fitness programming on state-of-the-art exercise equipment. Certification exam administered by ISSA, CPR required for certification (included in tuition). Textbook included.

20FMED111A \$1130 TU/TH 9/10/2019-11/14/2019
REP/123 6-9PM 44hrs 15 sessions

Landscapes and FLOWERS

LANDSCAPE DESIGN

Learn everything you need to know to tackle that not-so-great part of your yard. Topics will include site selection and preparation, developing your design, plant selection, installation and maintenance. Perfect for homeowners or landscapers expanding their skills. Students will be able to draw a landscape plan by the end of the class.

20FLDD101A \$269 M 9/9/2019-12/2/2019 DH-E/AdvArt 7-10PM 30hrs10 sessions

DIY FRESH FLOWER ARRANGEMENTS

Learn how to make gorgeous arrangements from cut flowers available from the florist, grocery store or your own backyard. The first class covers the fundamentals of floral design after which the instructor will suggest fresh flowers to buy for making your own arrangement in the second class. Supply cost varies depending on size of arrangement (approx. \$15-\$25). If students choose not to make their own floral arrangement, they may still participate in a project with the instructor to learn techniques. First class is approximately 1.5hrs.

Save a Life WITH FIRST AID

AMERICAN HEART ASSOCIATION (AHA) HEART SAVER FIRST AID

Heartsaver First Aid is a video-based course that teaches students critical skills to respond to and manage the first few minutes of an emergency. Students learn the duties and responsibilities of first aid rescuers; first aid actions for medical emergencies, including severe choking, heart attack, and stroke; and skills for handling injury and environmental emergencies, including external bleeding, broken bones and sprains, and bites and stings. This course is for anyone with limited or no medical training who needs a course completion card in first aid to meet job, regulatory, or other requirements. Certification is valid for two years.

MARINE SERVICE TECHNICIAN PRE-APPRENTICE PROGRAM

Learn the skills you need to work in the recreational boating industry as a qualified marine technician who can service boats, boat engines and related systems as well as boat yard operations. Wilson Tech's program addresses the rapid advances in marine propulsion technology that now demand a high level of competency and training. Students who successfully complete Wilson Tech's program have the opportunity to apply for 7 credits of advanced standing towards the Maritime Technology A.A.S. Degree Program at Kingsbough Community College and be considered for their NYS Marine Services Technician Apprentice Program.

A basic set of hand tools (likely found in most households) as well as multi-meter and basic diagnostic tools are the student's responsibility, approx. \$2,500 for those with no toolbox. Tools can be purchased as needed based on supply list per module at www.wilsontech/marine.

20FMTS300A \$1465 M 9/17/2019-3/5/2020 NPT/119 6:30-9:30PM 120hrs

ENGINE TECHNOLOGY I: 6 HOURS PER WEEK, 6 WEEKS 36 HOURS TU/TH 9/17/19-10/31/19

The principles of the internal combustion 2 stroke, 2 cycle and the 4 stroke, 4 cycle gasoline marine engine will be covered. Included are the topics of construction, testing and maintenance of these engines as well the methods of converting the generated energy into vessel propulsion. Propulsion topics primarily focus on outboards and in-board out board drives.

LOW VOLTAGE ELECTRICAL SYSTEMS: 6 HOURS WEEK, 6 WEEKS 36 HOURS TU/TH 11/7/19-12/19/19

The course will focus on Ohms law, series and parallel circuits, low voltage DC systems, and hull wiring. The student will be able to troubleshoot typical circuits found on modern crafts using the latest test equipment. Students will learn the

latest ABYC standards with regard to electrical wiring and systems. Students will be required to pass the various Snap-on Certification Tests.

MARINA OPERATIONS: 6 HOURS PER WEEK, 8 WEEKS 48 HOURS TU/TH 1/7/20-3/5/20

Basic skills required for the daily operation of a full service marina or boatyard will be covered in a two hour lecture and two hours of laboratory work each week. Each lecture/lab will cover the varied technical aspects of a typical marina including: hand and power tool identification and usage; special tools and marina equipment. Laboratory sessions will concentrate upon basic skills needed for actual operation of a typical marina. Certain laboratory sessions will cover Fork/Strap Lift operations and Bottom Painting Apprentice training where standard industry certifications will be earned for successful completion of the training.

THROUGH THE LENS

3-WEEK BOOKCAMP

Beginner course that will introduces the basic concepts of digital photography with a DSLR. No prior photography knowledge is required. The three-week course focuses on exposure, apertures, shutter speeds, white balance, ISO, file size and type. Composition and post processing techniques will be introduced.

30hrs 10 sessions

RECOVERY COACH

NOTE: These classes can be taken by CASAC (Credentialed Alcohol and Substance Abuse Counselor) and CPS (Credentialed Prevention Specialist), & for re-credentialing and continuing education credits.

CERTIFICATION PROGRAM

Prepare to work in the addiction and mental health field as a Recovery Coach who helps people along the path of recovery—either before, during, after or instead of treatment. Recovery Coaches do not provide clinical help or dispense medication. They work with the recoveree, as a solo coach or part of a team. Help patients engage with treatment and develop the various skills needed for recovery.

This class fulfills the 60 hour educational requirements set forth by NYS and the Office of Alcoholism and Substance Abuse Services (OASAS) to become a NYS-certified Addiction Recovery Coach or Recovery Peer Advocate. Class includes extensive preparation for the certification exam. Instructor will provide information pertaining to exam testing locations and the application process. Class has four modules:

MODULE I-RECOVERY COACH ACADEMY (30HRS)

MODULE II-NYS ETHICS (12HRS)

MODULE III-MEDICALLY ASSISTED TREATMENT* (6HRS)

MODULE IV-SPIRITUALITY (12HRS)

*Module includes NARCAN training.

Upon successful completion of each module you will receive a Healthspan.US certificate and information to receive your CCAR Certificate (Connecticut Community for Addiction Recovery) which you will need to file your NYS application.

Curriculum includes the role of recovery coaches in the recovery process, core values and guiding principles of recovery, the stages of recovery, wellness planning, ethics and guidelines for making ethical decisions, as well as spirituality. The course covers the history, concepts and varieties of Medically Assisted Treatment (MAT) that may be used during recovery pathways that include a medication component. No prerequisites. 100% attendance required without prior approval from the instructor. There will be a \$13/hr make-up fee for any approved hours missed.

ADDITIONAL FEES FOR:

- Bring money order only made out to HealthSpan.US Manuals and materials (\$139 due on first night of class)

- Application fee for NYS Certification:

- * Certified Addiction Recovery Coach (CARC) \$125

- * Certified Recovery Peer Advocate (CRPA) \$185 (includes NYS testing fee)

- NYS Recovery Coach Certification Exam (\$125 will be paid to NYS when application is submitted)

Western Suffolk BOCES Policies

Parking

All vehicles **MUST** park in designated parking areas. **NO** cars may be parked in designated fire zones, reserved parking or on the grass.

Damage to or Loss of Personal Property

Western Suffolk BOCES assumes no responsibility, either real or implied, for the personal property of any adult student. Students should review their own insurance coverage regarding personal property liability.

Refund Policy for Part-time Programs

1. If we cancel a course, all your fees are totally refunded.

2. If you cannot attend a class that has been rescheduled to a time or place other than advertised, you are entitled to a full refund.

3. If you withdraw from a class before the first scheduled class meeting, a full tuition refund, less a withdrawal fee of \$25, will be made after the withdrawal* is requested in writing.

4. If you withdraw after the first scheduled class meeting but before the second class meeting, one-half of the tuition, less a withdrawal fee of \$25, will be refunded after withdrawal* is requested in writing. **NOTE:** No refunds for any dance or fitness class after the first class begins.

5. All extra costs, such as books or equipment that were not included in tuition price, are not subject to refund.

6. We are unable to provide refunds for requests received after the second scheduled class meeting. Waivers may be granted only under extenuating circumstances which must be detailed in writing within five days of your last day of attendance. If a waiver is granted, it must be used within one calendar year. Decisions to grant waivers are the prerogative of the BOCES administrator whose decision is final.

7. Any overpayment accepted will be totally refunded.

8. There is a \$25 fee for all returned checks.

9. Payments made with a credit card will receive refund credit on their credit card, however, any refund made after 120 days will be issued by BOCES check regardless of how tuition was paid.

NOTE: Every effort is made to provide you a

timely refund. Processing of refunds may take 45 days after your first scheduled day of class. Our programs are supported entirely by student tuitions. No discounts can be provided.

*The date of withdrawal is the date/time your request is received at BOCES.

Refund Policy for Full-time Programs

See the individual program handbooks.

Issues Under Dispute

BOCES has an appeal and grievance policy at www.wilsontech.org/dispute.

Smoking Policy

Smoking is **NOT** permitted anywhere on campus.

Western Suffolk BOCES Non-Discrimination Notice

The Board of Cooperative Educational Services of Western Suffolk County, New York does not discriminate on the basis of age, religion, creed, ethnic origin, national origin, marital status, race, color, gender, sexual orientation, veteran status, weight, disability or handicap in the educational programs or activities it operates and provides equal access to the Boy Scouts and other designated youth groups. This policy of non-discrimination includes the recruitment, hiring and advancement of employees; salaries, pay and other benefits; counseling services to students; student access to course offerings; lawful political activities; educational programs and other activities; and the business activities of the Board. Inquiries concerning the application of regulations prohibiting discrimination may be referred to the BOCES Compliance Officer, Dr. Hugh Gigante, who may be contacted at 507 Deer Park Road; PO Box 8007; Huntington Station, NY 11746-9007 or 631-549-4900, x204 or email hgigante@wsboces.org. Or, inquiries may be made by contacting the Office for Civil Rights at NY Office for Civil Rights, U.S. Department of Education, 32 Old Slip, 26th Floor, New York, NY 10005-2500 or call 646-428-3900, or fax 646-428-3843, or TDD 800-877-8339, or email OCR.NewYork@ed.gov or file form at <http://www2.ed.gov/about/offices/list/ocr/complaintintro.html>

MISSION STATEMENT FOR ADULT EDUCATION: Western Suffolk BOCES provides career training and literacy programs to help adults meet their career goals by developing skills essential for gainful employment, job advancement and new career opportunities.

Wilson Technological Center is the career and technical education division of Western Suffolk BOCES.

School closing

Adult classes will not be held when day classes at Wilson Tech and Western Suffolk BOCES are closed. Announcements will be posted here:

- Internet: wilsontech.org, facebook.com/wilsontechforadults, wsboces.org
- TV: News 12 FIOS1
- Phone: Call 631-667-6000, x888 for recorded message.

Frequently asked questions

What if I do not have a high school diploma?

A high school diploma is not required for most of our evening classes. Western Suffolk BOCES also offers a variety of no-cost ways to complete your high school education. To work toward your High School Equivalency Diploma (TASC) or EDP, see page 38 or call our Career Center at 631-667-6000, x327.

How can I get to Wilson Tech?

Wilson Tech campuses are centrally located and easily accessible by major roadways or public transportation. Maps are on our website, www.wilsontech.org/sites.

Public transportation options to Wilson Tech/ Dix Hills campus on weekdays, 8AM–3PM:

- From S. Huntington & Dix Hills: S29 to Rt. 231 at Lake Ave. Connect with free BOCES shuttle.
- From Huntington/Huntington Sta.: S1, H9A or H9B to Walt Whitman Mall. Connect with free BOCES shuttle.
- From Northport & Greenlawn: H4S to Walt Whitman Mall. Connect with free BOCES shuttle.
- From Dix Hills & Wheatley Heights: S23 to Wyandanch train station. Connect with free BOCES shuttle.
- From Amityville, Copiague, & Lindenhurst: S33 to Wyandanch train station. Connect with free BOCES shuttle.

For more information about bus routes, times and shuttle locations, visit or call the Career Center at Wilson Tech, 631-667-6000, x327.

Can I receive tax incentives for BOCES courses?

The Taxpayer Relief Act of 1997 created the Lifetime Learning Credit, which is a tax incentive to help you offset the cost of your continuing education course work. A family can claim on their tax return a credit equal to 20% of \$5,000 of educational expenses, so the maximum benefit is \$1,000 for each tax year. For further information, contact your tax advisor.

Are there any additional costs?

In some instances students are required to purchase textbooks, personal protective equipment or personal tools, miscellaneous supplies or ingredients. The course descriptions in this catalog will indicate any additional costs or requirements.

Will I receive a certificate?

Yes, you will! Certificates of completion are issued at the last class at no cost to all career & technical education students who have successfully completed a course. To be eligible for a certificate, you must attend 80% of the class sessions (unless otherwise stipulated), and complete all other course requirements with a grade of 80% or above and have paid your tuition in full. Some programs have course-specific attendance requirements.

How do I order a transcript?

There is a \$5 fee for duplicate copies of certificates and transcripts. To order, go to www.wilsontech.org/transcript.

Do Tech courses qualify for veteran's benefits?

Yes, veterans may qualify for complimentary GI Bill® training at Wilson Technological Center through the U.S. Department of Veteran Affairs. For part-time programs contact your local Veterans' representative or call 631-667-6000, x353 to speak with our veterans' advisor. For full-time programs call 631-261-3600, x275. More information about VA education benefits at www.benefits.va.gov/gibill

What if I have a special need?

Prior to registration contact the Career Center at 631-667-6000, x152 so that our staff can make an effort to assist you with any necessary arrangements. All our facilities are wheelchair accessible. Please see wsboces.org/accommodation for forms and specific guidelines for accommodations.

Does Tech offer gift certificates?

We will gladly issue a gift certificate in any denomination to the person of your choice. To order, call 631-667-6000 ext. 320 with credit card information or send money order in the amount desired to: Office of Continuing Education, Western Suffolk BOCES, 17 Westminster Ave., Dix Hills, NY 11746

Federal Financial Aid

<https://fafsa.ed.gov/> School Code: 010147

Federal Financial Aid

Available to those who qualify in these programs only:

- Aviation Maintenance Technology
- Automotive Technical Training
- Esthetics
- Cosmetology
- Diagnostic Medical Sonography
- Practical Nursing
- Surgical Technology

Eligibility Requirements

To receive federal financial aid, you must:

- Be a US citizen or eligible non-citizen
- Be enrolled as a regular student in an eligible program (listed above) at BOCES
- Be a high school graduate, or have a recognized GED/TASC
- For grants, be a student who has not yet earned a bachelor's degree

- Not be in default on previous student loans or owe a refund on previous grants
- Make satisfactory academic progress as defined by BOCES
- Be registered for Selective Service if male and 18 years or older

Determining Financial Need

Generally, financial aid is awarded on the basis of financial need. Complete the FASFA, a Free Application for Federal Student Aid at <https://fafsa.ed.gov>. The government looks at your income, dependents and assets and calculates how much you and your family can be expected to contribute towards education. Financial need is the cost of education less the amount you can contribute.

The FAFSA determines eligibility for Federal Pell Grants and Federal Student Loans.
