

**BILL OF RIGHTS FOR DATA PRIVACY AND SECURITY -  
SUPPLEMENTAL INFORMATION FOR CONTRACTS THAT UTILIZE PERSONALLY IDENTIFIABLE INFORMATION**

Pursuant to Education Law § 2-d and Section 121.3 of the Commissioner's Regulations, the educational Agency (EA) is required to post information to its website about its contracts with third-party contractors that will receive Personally Identifiable Information (PII).

|                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

## CONTRACTOR'S DATA PRIVACY AND SECURITY PLAN

The Educational Agency (EA) is required to ensure that all contracts with a third-party contractor include a Data Security and Privacy Plan, pursuant to Education Law § 2-d and Section 121.6 of the Commissioner's Regulations. For every contract, the Contractor must complete the following or provide a plan that materially addresses its requirements, including alignment with the NIST Cybersecurity Framework, which is the standard for educational agency data privacy and security policies in New York state. **While this plan is not required to be posted to the EA's website, contractors should nevertheless ensure that they do not include information that could compromise the security of their data and data systems.**

|   |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                               |
|---|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Outline how you will implement applicable data security and privacy contract requirements over the life of the Contract.                                                                                                                                   | M24/7/365 server monitoring. Dedicated IPs. SSL certificates. McAfee Quarterly PCI security scans.                                                                                                                                                                                                            |
| 2 | Specify the administrative, operational and technical safeguards and practices that you have in place to protect PII.                                                                                                                                      | M24/7/365 server monitoring. Dedicated IPs. SSL certificates. McAfee Quarterly PCI security scans. along with standardized and documented procedures for coding, configuration management, patch installation, and change management for all servers and network devices involved in delivery of contracted s |
| 3 | Address the training received by your employees and any subcontractors engaged in the provision of services under the Contract on the federal and state laws that govern the confidentiality of PII.                                                       | No formal training                                                                                                                                                                                                                                                                                            |
| 4 | Outline contracting processes that ensure that your employees and any subcontractors are bound by written agreement to the requirements of the Contract, at a minimum.                                                                                     | All MusicFirst staff sign an employee contract at the start of employment agreeing to professional and appropriate use of customer data, including student and educator PII.                                                                                                                                  |
| 5 | Specify how you will manage any data security and privacy incidents that implicate PII and describe any specific plans you have in place to identify breaches and/or unauthorized disclosures, and to meet your obligations to report incidents to the EA. | Because we activity monitor our systems 24/7/365, should a data breach occur we would be immediately alerted and would take appropriate actions. Post incident we research the nature of the incident and take appropriate action to prevent similar future incidents.                                        |
| 6 | Describe how data will be transitioned to the EA when no longer needed by you to meet your contractual obligations, if applicable.                                                                                                                         | The Educational Agency is in possession of all MusicFirst data until the site expires and can export as needed.                                                                                                                                                                                               |
| 7 | Describe your secure destruction practices and how certification will be provided to the EA.                                                                                                                                                               | All data is fully deleted with email confirmation sent to the Educational Agency.                                                                                                                                                                                                                             |
| 8 | Outline how your data security and privacy program/practices align with the EA's applicable policies.                                                                                                                                                      | MusicFirst is completely COPPA and FERPA compliant                                                                                                                                                                                                                                                            |
| 9 | Outline how your data security and privacy program/practices materially align with the NIST CSF v1.1                                                                                                                                                       | MusicFirst Classroom's data security and privacy practices materially align with the five core functions of the NIST Cybersecurity Framework (CSF) v1.1: Identify, Protect, Detect, Respond, and Recover. (See Additional information)                                                                        |

Additional Information (More information can be provided at the bottom 2 pages):

MusicFirst Classroom's data security and privacy practices materially align with the five core functions of the NIST Cybersecurity Framework (CSF) v1.1: Identify, Protect, Detect, Respond, and Recover.

Identify: MusicFirst maintains documented security, development, infrastructure, access-control, and data-management practices and evaluates risks associated with the systems and services supporting MusicFirst Classroom.

Protect: MusicFirst employs layered security controls including role-based access control (RBAC), secure authentication and a

## Western Suffolk BOCES Education Law §2-d Bill of Rights for Data Privacy and Security

Parents (including legal guardians or persons in parental relationships) and Eligible Students (students 18 years and older) can expect the following:

1. A student's personally identifiable information (PII) cannot be sold or released for any Commercial or Marketing purpose. PII, as defined by Education Law § 2-d and the Family Educational Rights and Privacy Act ("FERPA"), includes direct identifiers such as a student's name or identification number, parent's name, or address; and indirect identifiers such as a student's date of birth, which when linked to or combined with other information can be used to distinguish or trace a student's identity. Please see FERPA's regulations at 34 CFR 99.3 for a more complete definition.
2. The right to inspect and review the complete contents of the student's education record stored or maintained by an educational agency. This right may not apply to Parents of an Eligible Student.
3. State and federal laws such as Education Law § 2-d; the Commissioner of Education's Regulations at 8 NYCRR Part 121, FERPA at 12 U.S.C. 1232g (34 CFR Part 99); Children's Online Privacy Protection Act ("COPPA") at 15 U.S.C. 6501-6502 (16 CFR Part 312); Protection of Pupil Rights Amendment ("PPRA") at 20 U.S.C. 1232h (34 CFR Part 98); and the Individuals with Disabilities Education Act ("IDEA") at 20 U.S.C. 1400 et seq. (34 CFR Part 300); protect the confidentiality of a student's identifiable information.
4. Safeguards associated with industry standards and best practices including, but not limited to, encryption, firewalls and password protection must be in place when student PII is stored or transferred.
5. A complete list of all student data elements collected by NYSED is available at [www.nysed.gov/data-privacy-security/student-data-inventory](http://www.nysed.gov/data-privacy-security/student-data-inventory) and by writing to: Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, NY 12234.
6. The right to have complaints about possible breaches and unauthorized disclosures of PII addressed. (i) Complaints should be submitted to: [dpo@wsboces.org](mailto:dpo@wsboces.org). (ii) Complaints may also be submitted to the NYS Education Department at [www.nysed.gov/data-privacy-security/report-improper-disclosure](http://www.nysed.gov/data-privacy-security/report-improper-disclosure), by mail to: Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, NY 12234; by email to [privacy@nysed.gov](mailto:privacy@nysed.gov); or by telephone at 518-474-0937.
7. To be notified in accordance with applicable laws and regulations if a breach or unauthorized release of PII occurs.
8. Educational agency workers that handle PII will receive training on applicable state and federal laws, policies, and safeguards associated with industry standards and best practices that protect PII.
9. Educational agency contracts with vendors that receive PII will address statutory and regulatory data privacy and security requirements.

Additional Information:

MusicFirst Classroom's data security and privacy practices materially align with the five core functions of the NIST Cybersecurity Framework (CSF) v1.1: Identify, Protect, Detect, Respond, and Recover.

Identify: MusicFirst maintains documented security, development, infrastructure, access-control, and data-management practices and evaluates risks associated with the systems and services supporting MusicFirst Classroom.

Protect: MusicFirst employs layered security controls including role-based access control (RBAC), secure authentication and authorization, HTTPS/TLS for data in transit, AWS network and infrastructure security controls, and controlled software development and deployment practices. User access is limited according to assigned roles and permissions

Detect: MusicFirst uses centralized logging and continuous infrastructure/application monitoring, including AWS CloudWatch and Datadog, with automated alerts for system performance, errors, and defined operational thresholds.

Respond: Security and operational incidents are investigated and addressed by the appropriate technical and operational personnel, with processes for remediation, customer communication, and measures intended to prevent recurrence.

Recover: MusicFirst maintains backup, business continuity, and disaster recovery practices designed to restore services and data following a significant outage or incident. The platform uses AWS infrastructure and incorporates redundancy, database replication, and recovery/failover capabilities.

Additional Information:
